

JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY – GURAJADA VIZIANAGARAM

CERTIFICATION COURSE IN IOT SYSTEMS AND APPLICATIONS

This course equips learners with IoT fundamentals, platforms, and applications, enabling hands-on skills in smart systems and cloud communication, aligning with current industry trends in automation, healthcare, and sustainable agriculture.

TOPICS TO BE COVERED:

- IoT Architecture and Protocol Stack
- Sensors, Actuators, and Communication Protocols
- IoT Platforms: Arduino, Raspberry Pi
- Applications: Smart Home, Healthcare, Agriculture
- Practicals: Smart irrigation system, MQTT cloud communication

ELIGIBILITY:

- Open to Diploma / Degree
- (B.Tech/B.A/B.Sc etc.)any Discipline

Duration

30 Hours

Course fees

₹5,000

JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY – GURAJADA VIZIANAGARAM

CERTIFICATION COURSE IN FUNDAMENTALS OF QUANTUM COMPUTING

This course introduces quantum computing concepts, algorithms, and programming with Qiskit and IBM Q, enabling learners to build and simulate quantum circuits for solving complex computational challenges

TOPICS TO BE COVERED:

- Classical vs Quantum Computing, Qubits, Superposition
- Quantum Gates and Circuits
- Quantum Algorithms: Grover's, Shor's
- Quantum Programming with Qiskit, IBM Q
- Practicals: Quantum circuit simulation, IBMQ backend execution

ELIGIBILITY :

- Open to Diploma / Degree
- (B.Tech/B.A/B.Sc etc.)any Discipline

Duration

30 Hours

Course fees

₹5,000

JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY – GURAJADA VIZIANAGARAM

CERTIFICATION COURSE IN PRINCIPLES OF MACHINE LEARNING & DEEP LEARNING

This course introduces ML and DL fundamentals with hands-on experience in algorithms, neural networks, and tools, enabling learners to build solutions for real-world applications like image classification and sentiment analysis.

TOPICS TO BE COVERED:

- Types of Learning: Supervised, Unsupervised, Reinforcement
- Classification and Clustering Algorithms
- Neural Networks, CNNs, RNNs, LSTM
- Tools: TensorFlow, Keras, PyTorch, Scikit-learn
- Practicals: Image classification, Sentiment analysis

ELIGIBILITY :

- Open to Diploma / Degree
- (B.Tech/B.A/B.Sc etc.)any Discipline

Duration

30 Hours

Course fees

₹5,000

JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY – GURAJADA VIZIANAGARAM

CERTIFICATION COURSE IN AI AND ITS TOOLS

This certification course trains learners in intelligent systems, NLP, and advanced AI tools with practical chatbot and text analysis skills, aligning with industry demand for AI-driven solutions and automation.

TOPICS TO BE COVERED:

- Intelligent Systems & Search Techniques
- Natural Language Processing (NLP): Text Classification, Chatbots
- AI Tools: OpenAI, IBM Watson, Google AI, Microsoft Azure AI
- Practicals: Chatbot development, NLP tasks

ELIGIBILITY:

- Open to Diploma / Degree
- (B.Tech/B.A/B.Sc etc.)any Discipline

Duration

30 Hours

Course fees

₹5,000

JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY – GURAJADA VIZIANAGARAM

CERTIFICATION COURSE IN CYBERSECURITY AND ITS APPLICATIONS

This course covers cybersecurity principles, cryptography, and network defense with hands-on use of tools like Wireshark and Metasploit, enabling learners to analyze threats and implement secure digital practices.

TOPICS TO BE COVERED:

- Cybersecurity Principles and Threat Landscape
- Cryptography: Hashing, Encryption, Digital Signatures
- Network Security: Firewalls, VPNs
- Security Tools: Wireshark, Metasploit, Burp Suite
- Practicals: Packet sniffing, Secure login, SQLi demonstration

ELIGIBILITY :

- Open to Diploma / Degree
- (B.Tech/B.A/B.Sc etc.)any Discipline

Duration

30 Hours

Course fees

₹5,000
